Year 1

Home Learning Project (Optional)

This half term, our context for learning is 'Toys: Changes through generations. Find out about different types of toys and games used in history. This could include spinning tops, jack-in-the-box, hop-scotch, jump ropes etc.

You can present this by:

- Making or drawing a toy
- Making a poster
- Writing instructions for a game

Please bring your 'Home learning project' in for the **w/b 12th October**. All home learning projects will be displayed in our classroom.

We look forward to seeing them all!
