

YEAR 6
HOMELEARNING PROJECT (OPTIONAL)

We are going to be creating a class museum exhibiting models and artefacts associated with the Second World War.

For your optional research homework, choose one of the options below to make. You will need to research the object to make sure that you have made it as true to life as you can. You also need to include a description (leaflet) of what it is and what it was used for.

- Gas mask and box
- A WWII shelter
- Plane
- Evacuation case with appropriate contents
- Any other item from World War Two

Or you could

- Write and create a newspaper that would have been printed during World War Two.
- Create a leaflet preparing people for an air raid.
- Interview someone who was alive during the war. Record your interview onto tape or write out the questions and answers as a transcript.

Bring your finished research homework to school during the week beginning Monday 3rd November so that you can share it with the rest of the class.
Remember this homework is optional – you may choose to do it!
