

Home Learning Project – The Tudors

Choose one of the following options:

Create a model of a Tudor house (no bigger than a shoe box) showing the internal and external features of the house.

You will need to look at pictures of the outside and inside of Tudor houses. You may base the house on a particular house.

You also need to answer these questions

What do you think would be the function of some of the rooms?

What building materials do you think were used?

Are there any differences between Tudor houses and houses today? If so what are and why do you think they are different?

Do you think Tudor houses would have been comfortable? Why?

OR

Identify some artefacts used during Tudor times, research at least 2 of them, draw a diagram or make a model of them. Describe who they would be used by and what they would have been used for.

Here are some possibilities but you can research your own!

Ruff, plough, lance, loom, flagon, spinet, crook

Due in– Week beginning Monday 24th February 2020
