Dear Parents and Carers

I am writing to wish you all a good Easter break. I know we are in extraordinary times and this Easter will feel different to any before but I sincerely pray that you will find some peace, calmness and joy over the holiday period.

I want to thank all parents and carers for the way they have risen to the challenge of home schooling over the last two weeks. I know this has not been easy for some families but I have been heartened by the commitment and perseverance that has been shown to help the children. I also want to thank the children who have had to deal with an enormous change to their routines and have impressed the teachers with their adaptability.

I am grateful to those who have expressed their thanks to the school staff who have been working hard to keep the children both at home and in school properly occupied. I am glad that [MLH](#) are able to provide care over the holiday period which means all school staff will have a proper break.

A number of school families are having to deal with the hardest part of this pandemic and I would ask that you remember all those of our school community that are being affected by this horrid disease in your thoughts and prayers.

We will be in touch as the future post-Easter becomes clearer, but in the meantime I wish you and your family a safe and blessed Easter.

Best wishes

Mrs Martin
