

Year 3 'The Jungle' Home Learning Project

For your (optional) home learning project this term we would like you to create something that can be found in the jungle!

It could be an animal, a flower or a plant but must be able to be put on display! You might choose to draw, compose, make, paint, sew, write, etc.... your jungle creation. Get as creative as possible and let's turn Year 3 into a jungle!

It should be:

- Bright
- Colourful
- Able to be put on display
- Found in the jungle
- Labelled with what it is

You may want to also write about what you have created, to give us some extra information about your animal or plant!

We look forward to seeing your wonderful creations on **Monday 3rd June.**

Miss Royle and Mrs Agbaje 😊
