

Wheels, Wings and Other Things

Home Learning Project

Spring Term

Year 1

(Optional)

The context for learning for the next half term is 'Wheels, Wings and Other Things'. We will be learning about different types of transport.

Below are some ideas for different projects:

- Design and make a model of a vehicle/mode of transport.
- Research a mode of transport and make a poster about the type of transport of your choice.
- Recount a trip you have been on where you have used different types of transport.

Please be as creative as you like!

Please hand your project in after half term – w/b 24/02/25
